VOLUME LXV FIRST IN SERVICE TO READERS

ANTIOCH, ILLINOIS, THURSDAY, NOVEMBER 30, 1950 FIRST IN RESULTS TO ADVERTISERS

NUMBER 18

## Barrington, Grayslake Next on Antioch Card; Northbrook Wins 41-37

After having lost to Wauconda and Northbrook in close games, Antioch High's varsity basketball team will tackle its third conference opponent, Barrington, tomorrow evening and then will meet Grayslake here Saturday evening.

It is a tough schedule to say the least for the Sequoits, with the Sophomores who play the preliminaries, sharing the difficulties.

The varsity lost to Northbrook here Tuesday night 37 to 41. The first quarter ended 6 to 6, but the visitors pulled away at the half to make it 19 to 15, and widened the difference at the third quarter to make the score 33 to 26. An Antioch rally in the fourth quarter fell short.

Buzz Haviland led the scoring for Antioch with eight field goals and two free throws for a total of 18 points. For Northbrook, Rodney scored eight field goals for 16 points.

Playing for Antioch were Dimer and Schultz, Pregener and Renner, Lubkeman and Schroeder; Tom and Bernard Haviland.

Northbrook's players were Rodney, Pierce, Miller, Landwehr, Moser, McWilliams, Cusker and Young. The Antioch Sophomores lost to the Northbrook second year men 28 to 31. Antioch lead at the quarter 7-4, and at the half 15 to 9, but were behind 20 to 22 at the third quarter.

The local underclassmen won from Wauconda last week 38 to 26, but the varsity lost 45 to 48. The score by quarters for the varsity was Antioch 13-23-20-45, Wauconda 18-31-39-48.

Tom Haviland was the high scorer that night with 18 points to his credit. Nolan made 20 points for Wauconda. After trailing the first half the Sequoits evened the score in the third quarter but fell short in the final quarter.

The coaches say the boys are doing good work but lack experience. They will show up better as the season progresses.

## Florence M. Lindgren, 54 Dies at Her Home Wed.

Mrs. Florence M. Lindgren, 54, died Wednesday, November 29, at 6 o'clock a. m. at her home on Rte. 173, at Channel Lake, following a lingering illness. She was born December 27, 1895 in Chicago and had lived at Batavia, Third Lake and Chicago before coming to Antioch three years ago.

Survivors include her husband Harold H. and two sons, Harold R. and Wilbur J., all of Antioch, one sister, Mrs. Joseph Carroll, of Chicago, and a brother Henry Hedberg, of Skokie. Funeral services will be at 2 p. m. Friday, Dec. 1, at the Strang funeral home with the Rev. Owen Gangstead of the Trinity Lutheran church at Long Lake officiating. Interment will be private.

## C. M. Hynek Buried In Cicero Nov. 22

Funeral services for Charles M. Hynek, of Cicero, were held at 2307 North Laramie in Cicero, November 22, when interment in the National Bohemian Cemetery. Mr. Hynek had spent many summers at Cross Lake at the home of his cousin, the late Mrs. H. J. Sandusky, and had made many acquaintances in this vicinity. He is survived by his mother, Mrs. Mary Hynek and a daughter, Vera, both of Cicero.

## Wesley Reeves, Jr., Gets Stolen Car Back From Racine, Wis., Vandals

Wesley Reeves, Jr., has recovered his car and the four Racine, Wis., boys who stole it from in front of the body shop after abandoning a car from West Allis, Wis., here have been apprehended at Racine.

The boys took the car to a Racine garage for repairs after burning out the motor. The garage owner suspected the car did not belong to them and called police.

Then Reeves learned that the four boys are members of a gang of 15 who have been looting homes and where they could not find anything of value, poured ink on floors, split pillows and other garments. They have been on parole from juvenile court.

Mr. and Mrs. Marvin Heath entertained Mr. and Mrs. Ralph Fish of Chicago at their home Sunday.

## Christmas Seal Sale Tops Last Year For First Week by \$1500

At the end of the first week of the 1950 Christmas Seal Sale, the total amount received was \$6721.45, Mrs. Gerard Fossland, seal sale chairman for the Lake County Tuberculosis Association, said today. This amount is \$1515.75 over last year's total for the first week.

Such prompt response to the Christmas Seal Sale indicates the people of Lake County approve of the work of the Lake County Tuberculosis Association, Mrs. Fossland said.

Proceeds from the sale will be used to finance the 1951 program of the TB association. This program includes the taking of free chest X-rays on the association's Christmas Seal Mobile Chest X-ray Unit, Tuberculin testing in all the schools of Lake County, health education and a nursing service throughout the county and the free chest clinic held three times each week.

## Winter Roads Make Safety Precautions A Real Necessity

The first snow of winter, with attendant slippery conditions on the highways, always cause a number of accidents, before the motorists "get the feel" of the different conditions, and to help cut down on winter driving accidents, all state and national agencies, as well as clubs, newspapers and other organizations are this year urging that all drivers use extreme care in negotiating slippery roads to combat the usual increase in traffic accidents.

Chief C. M. Hathaway, of the Illinois State Highway department, had this to say about winter roads in a release this week: "The braking distance of an automobile on glare ice is about ten times as long as on dry pavement, and from three to five times as long on packed snow as on dry pavement."

"Declaring that ice and snow cause much of the customary large increase in traffic deaths during the winter months, Hathaway pointed out that even with good chains on the wheels, it takes almost twice as much space to stop a car on icy surfaces as on dry pavements."

"Some years ago it was considered good practice to make the surface of a concrete road as smooth as possible. But it was found that such smoothness was not a good thing, and now it is customary to roughen the initial set of the concrete with a coarse broom to increase its skid resistance," Hathaway said.

The Chicago motor club gives the following advice on winter driving: Winter snow, sleet, icy roads and early darkness are beyond the motorist's control. But he can and should keep driving visibility good when it is in his power.

Frosted windows are a major hazard to cold weather driving and motorists hurrying to work in the morning will wipe clean a small space in the windshield in front of them, leaving great blind areas to their right and left and to the rear. One minute's work with scraper or rag would clear the windows and restore the driver's sight.

"Rain, snow or ice on the windshield" is at the top in a list of seven causes of visual obstruction involved in fatal accidents. And these are year-around figures; the mention of obscured windshields in winter accidents grows way out of proportion to the others.

A rag should be kept in the car's glove compartment at all times, advises the motor club. A small scraper for the windows can be secured in almost any service station, hardware or auto appliance store for a few cents. If the automobile has a defroster it should be used whenever the heater is turned on full to prevent possible clouding of the windows. Windshield wipers should be checked for the effectiveness of their motors and blades; they must carry an extra load in sleet or in a wet snowfall.

If the defroster is off, the vent in the side window should be opened slightly. The circulating air will not only prevent clouding of the windows but will also protect against the presence of carbon monoxide fumes.

Wiping a few drops of glycerine on the inside of the windows will lay an effective fog-resistant film on the glass. There is another effective means of keeping ice from forming on the windshield. A wad of paper placed under the hood at the point where it joins the car body in front of the windshield will allow a stream of warm air from the engine to flow back upon the glass.

## James Eugene Sheehan, Pioneer Resident, Dies After Lingering Illness

Last of Original Board of  
Antioch Township H. S.  
District

James Eugene Sheehan, 83, pioneer resident of Antioch township, died at St. Therese hospital Wednesday following a lingering illness. He was born April 1, 1867 in a log cabin at the Sheehan homestead on the banks of Hastings lake now known as Hastings camp.

His parents, Daniel and Bridget McCarthy Sheehan, came from Ireland by way of the Great Lakes in 1843 settling at Hastings lake.

Mr. Sheehan was a farmer by occupation, retiring in 1940. He and Mrs. Sheehan had spent their winters in Florida for the past 25 years. They celebrated their golden wedding anniversary June 8, 1948.

With the exception of five years spent in Chicago Mr. Sheehan made Lake county his lifetime home. In Chicago he worked as a street car conductor when the cars were horsedrawn.

He served on the original board that incorporated Antioch Township High school district and was the last surviving member of the board.

Surviving are his wife, Louise, three daughters, Mrs. Robert McCann, Lake Villa; Mrs. Walter Lator, Hebron, Ill.; Mrs. Everett McClure, Gurnee; and two sons, William E. Sheehan, Deerfield; and Daniel E. Sheehan, Antioch.

A son, Fred, preceded him in death.

The body will rest at the home of the daughter, Mrs. McClure, at Gurnee until tomorrow (Friday) when the funeral service will be held at 10 a. m. at St. Peter's church in Antioch. Interment will be in Mt. Carmel cemetery.

## T. W. Dowell, 71, Dies at Channel Lake Home Sunday

Thomas W. Dowell, 71, died Sunday, November 26, at his home in Woodcrest Subdivision, Channel Lake, following a lingering illness. He was born August 16, 1879 in Antioch Township and for thirteen years made his home in Oak Park moving from there to Berlin, Wis., where he lived for twenty years moving back to Antioch thirteen years ago. He was a member of St. Peter's church. While in Oak Park he was employed as a lineman for the Public Service Company. He retired from farming several years ago.

Survivors include his wife, Edith, two sons; Harold, of Berlin and Ralph, of Antioch, four daughters, Ruby, of Maywood, Mrs. Pearl Kapell, Mrs. Ellen Pieper, of Antioch, Mrs. June Suter of Maywood and Hazel Willett of Antioch, a sister, Katherine Runyard, of Antioch, a brother, William, of Los Angeles, Calif., 13 grand children and one great granddaughter. Funeral services were held Tuesday at 10:00 a. m. at St. Peter's church. Interment was in Mt. Carmel.

## William Keulmans Sr. Observe 49th Wedding Anniversary Sunday

Mr. and Mrs. William Keulmans, Sr., celebrated their forty-ninth wedding anniversary at 1:30 p. m. Sunday at their apartment home on Main st. While the anniversary day was not until Monday, the earlier day was chosen because of Mr. Keulmans' plans to go to Victory Memorial hospital Monday for medical observation.

Present at the dinner were their children, Russell, Aretas, William, Jr., and George and families, of Antioch, Mr. and Mrs. Charles Tiffany (Irene) of Waukegan, their two daughters. They brought flowers to their parents.

The Keulmans were married at Silver Lake, Wis., Nov. 27, 1901.

## Lake County One Of 100 Counties To Be Re-assessed

Lake County is among the 100 counties in which all property will be re-assessed in accordance with the State Supreme court's ruling that the County Supervisor of Assessments law is unconstitutional. This action followed the Supreme court's refusal to review its decision on the unconstitutionality of the new law, and follows a ruling of the state department of revenue.

Can You Afford to Do Less?

## Ray A. Thompson, Allendale School Head, Takes Life

Ray A. Thompson, 52, director of Allendale Boys school at Lake Villa, ended a long and brilliant career as an educator and school administrator today (Thursday) at 1:15, when he died of gunshot wounds in his quarters at the school. His death is thought to have been suicide, but there is some chance that the shooting may have been accidental.

He was discovered shortly after 1 o'clock by a son, William, who is employed at the school as athletic director.

His sudden death comes as a shock to his many friends and acquaintances, since he was in good health and apparently in good spirits.

He has been connected with the school since 1931, and has brought about a steady growth in facilities and efficiency of the school.

He leaves his wife, who is in the east at present, two sons, William and Robert, both of whom reside at the school.

## Townpeople, Merchants Prepare for Holidays; Decorate for Christmas

The calendar is not the only reminder to Antioch people that Christmas is approaching.

Christmas parties and programs, Christmas displays in store windows and next week the Christmas decorations on the down town streets will usher in the holiday season locally.

The arrangement of the street decorations this year necessarily must be different because of the staggering of the poles in the new lighting system.

Village officials say that plans now contemplated call for evergreen trees attached to the new poles and colored lights used to illuminate them.

While merchants have good stocks and many choices this year it is admitted that because of wartime restrictions many metal items are lacking. The government clamped down on some toy manufacturers as early as August.

The Korean crisis brought on by the entrance of Chinese communists in the battle has blanketed this area with a sobering reaction which is not conducive to the best enjoyment of Christmas. Hope is expressed everywhere that the cloud may lift before Dec. 25.

## Rep. Pearson Escapes 2 Robbers in Chicago

His knowledge of judo tactics saved Rep. Harvey Pearson from robbery in the Union station at Chicago after midnight Saturday.

Pearson said he was in a rest room when one of two men swung at him with a club. Pearson caught the club and spun, throwing the attacker over his shoulder. The other man who grabbed at his arm fled.

Chicago police were unable to find the men.

Pearson said he learned the "flying mare" trick while in the marines.

## Patsy Jean Reardon, 16 High School Junior Dies From Accidental Injury

Patsy Jean Reardon, 16, Channel lake, a junior in the Antioch Township High school, died at 1 a. m. last Thursday from injuries received earlier in the night in an automobile accident near Wauconda.

The girl and two companions were returning at 9:45 p. m. from the Antioch-Wauconda basketball game when the car in which they were riding skidded on an icy pavement on Rte. 12 south of Glynn rd., and struck a guide pole at the west edge of the road.

Patsy Jean suffered a basal skull fracture and a dislocation of the neck from which she died after being taken to St. Therese hospital, Waukegan.

Miss Delores Frozeth, 17, driver of the car, resides at Woodcrest subdivision, and Marilyn Wallace, 16, Cross lake, were taken to the hospital suffering from minor cuts and bruises, treated for their injuries and discharged. Miss Reardon was seated between them in the car at the time of the accident.

Patsy Jean Reardon was born Aug. 23, 1934 in Chicago and resided there before coming to Channel lake with the family two years ago. She was a member of the high school pep club and the school chorus.

Surviving are the parents, George H. and Evelyn M. Reardon, and a brother, George, Jr. The maternal grandmother, Mrs. Sadie Oberg and the paternal grandmother, Mrs. Alice Farnum, reside in Chicago. The maternal great grandmother, Mrs. Mary Wallace, Chicago, also survives.

The funeral service was held Saturday at the Strang funeral home with the Rev. Harold Carlson of the Richmond Lutheran church officiating. Burial was at Hillside cemetery.

## Antioch Graders Beat Gavin Five in First New Conference Game

The Antioch Grade school basketball team took the main event at the high school gym last night, when Gavin school sent two teams here for the first conference game. The conference which was formed this fall will provide regular competition for the graders during the season.

The lightweights who tangled in the curtain raiser were not so fortunate, and dropped the game to the tune of 17 to 14. The "varsity" however took the invaders easily, winding up on the long end of a 35 to 16 score.

This game, which is the first played in the conference, was originally scheduled for December 1 at Gavin school, but was played here because the Gavin gym was not available.

Principal Richard Whitacre said today that the schedule has been set up in such a way that the local boys will play all games away from home until February 9, at which time the new gym at the grade school will be finished. After Feb. 9 most of the games will be played here. A non-conference game with Libertyville will be played at the high school gym on January 12.

## MRS. DICK WILTON SUFFERS STROKE

Mrs. Dick Wilton, Loon Lake, suffered a heart attack at the Barnstable and Brogan store today at 2:30 p. m. Mrs. Wilton is the mother of Mrs. J. J. Rymer of Antioch. No other facts could be learned at press time.

## Loren Sexauer Head of Polio Fund Campaign In Antioch Township

Goal Set at \$125,000 for  
Lake County to Aid  
New Victims

Edward Gresens, executive director of the Lake county chapter, National Foundation for Infantile Paralysis, today announced the appointment of Loren D. Sexauer as chairman of the organization for Antioch township. Gresens held the office last year.

Other appointments for the northern section of Lake county as announced by Gresens are:

Mrs. William Dorsey, Edward rd., Rte. 41, chairman of Newport township.

Warren Sheehan, Lake Villa, chairman of Lake Villa township.

Eugene McEwen, Long Lake, chairman of Grant township.

Mrs. Hazel Kelly, Round Lake, chairman of Avon township. These chairman will conduct the special gifts campaign during December and the March of Dimes drive starting January 15.

Gresens said that at a recent county meeting it was disclosed that it will be necessary to set the goal at \$125,000 in Lake county to continue the excellent care that has been given in the past to all polio patients. The expense includes iron lungs, braces, therapeutic treatments and hospitalization.

**Thirty-Six Cases in 1950**  
He said the latest case reported on Monday, Nov. 27 brings the total this year to 36 in the county.

Forty persons are still receiving care who contracted the disease in 1949.

Gresens said that the victims are falling into a new age bracket, the increase being among persons over 19 years of age.

"No longer can it be thought of as infantile paralysis," he said.

Ten per cent of all cases now are of the bulbar type and of these 50 per cent are fatal.

**Need Volunteer Workers**  
The director said that he feels confident that the volunteer workers will again approach the drive with renewed enthusiasm and advises those desiring to help to contact Mr. Sexauer either at Antioch 571 or 614.

Lake county stands in first position in the state, and ranks among the top few in the United States for its contributions.

## Dr. Harry A. Mizock Takes Over Practice Of Dr. Frank Keefe

Dr. H. A. Mizock, Chicago, has taken over the practice of Dr. Frank Keefe, optometrist, at 894 Main St.

Dr. Keefe has announced that because of poor health he is retiring and probably will take up residence in California. He and Mrs. Keefe in years of residence here have made many friends who regret their leaving.

Formerly practicing at 4301 S. Archer St., in Chicago, Dr. Mizock comes to Antioch with wide experience in optometry.

He is a member of the Lions club in Chicago, the Moose lodge and the Veterans of Foreign Wars, having served 2 1/2 years overseas in World War II in the Third Army division.

He has a wife and two sons and their plans are to establish their home in Antioch as soon as practicable.

## Proprietor of King's Establishes Temporary Quarters at Holtz Bldg.

A. M. Stanich whose drug store known as King's was destroyed by fire recently, has established temporary quarters at the rear entrance of the Holtz building at 898 Main St., and will fill orders for drugs and photo work there.

His phone number will be 22 and the hours will be from 1 p. m. until 9 p. m. daily.

Prescriptions and refill requests may be left at the Lakes Region Construction Co., office, Stanich said, and can be picked up at the Holtz building after 1 p. m.

Stanich said he hopes to establish permanent quarters soon.

**Appointed to Library Board**  
Mrs. Louis A. Biel has been appointed to the library board to fill the vacancy made by the death of Mrs. A. P. Bratrude.

### Economic Highlights

Everybody is now talking about what the next Congress will do and will not do. And its possible attitudes on foreign policy and related matters are naturally high on the list of discussed topics.

One thing is certain— isolationism, in the full sense of the word, made no gains at the last election. In fact, there are almost no real isolationists in Congress any more. A true isolationist policy would have us withdraw from the UN, drop Europe like a hot potato, hole in here at home and say to the world, "A pox on all your countries." That was just about what happened after World War I, when Woodrow Wilson failed in his gallant fight to bring us into the old League of Nations. No one argues for such a policy any longer. To take an outstanding example, Senator Taft—who will lead the coalition of Republicans and conservative Democrats that will dominate the Senate, and who will be the most powerful individual in Congress—was once an isolationist. But recently he said, in effect, that no intelligent man could be one in today's world.

However, this does not mean that the next Congress is apt to write blank checks for all the proposals that will be made in the name of Western security and world peace. The so-called bipartisan foreign policy is dead—in fact, it never worked very well, and it may be that it was basically unworkable. The chances are that Marshall Plan aid will be sharply reduced, in the belief that the participating nations are now able, if they will, to carry more and more of the load themselves. And appropriation bills of a military nature will be sharply scrutinized.

There is a strong feeling—throughout the country, no less than in Congress—that in the post-

war period we did not get full value for all the billions of dollars we spent on the military. The Hoover Commission estimated that sheer waste in the Department of Defense ran to \$1,000,000,000 a year and some think this a low figure. Moreover the terrible course of events in Korea has raised a strong question, rightly or wrongly, as to whether our defense chiefs, both military and civilian, are as wise as they might be. The next Congress will look on all defense measures, existing and proposed, with a very critical eye.

It will be most critical in regard to the State Department. Secretary of State Dean Acheson has said that the election will not change our foreign policy, and that he has no intention of resigning. Mr. Truman has intimated as much. However, it should be remembered that only a short time before Secretary of Defense Johnson was dismissed the President said flatly he would not be dropped from the cabinet. It is believed in many quarters, Democratic as well as Republican, that Mr. Acheson will have to go, and that the last election did indicate a lack of confidence in him, his department, and his policies.

In foreign policy and national defense, as in other matters, the Administration will no longer have its own way unchallenged.

### The Low Down From Hickory Grove

The citizens of this grand land had a knock at its opportunity door 5 years ago when we had just finished polishing off Japan and Germany. If we had seized opportunity by the forelock then, we would now be in the driver's seat—Russia would not be elbowing us around. But what happened. The army and the navy came home—they had finished a grand job. They turned the paper work—the writing of the peace—over to the home folks. The home folks turned it over to its bossman in Wash. Through ignorance or shady loyalty, the crew there bowed low to Russia, after you Mr. Stalin, they said. Uncle Joe, knowing his way around, took over. And what we were fighting for—freedom for the little guy and the big guy, 50 fifty—was a gone gossling.

And now for 5 years we've been floating down the river, rudderless and anchorless. We have not brought ourselves to believe that we could really have boss-men in office who would steer us completely away from our American system—sell us down the river—direct us down the road to Socialism. I am talking about the situation up to now—or to be more accurate, up to last Tuesday, November seventh.

But today, any guy left there on the Govt. payroll, if he persists in not seeing the light, his days are numbered. "Awakening day," I call it—November seventh.

Yours with the low down,  
JO SERRA

### LAKE VILLA

Rev. Harrison's sermon topic for Sunday was "Why Should I Belong" and was delivered to a large congregation in spite of the storm. Six adults were received into membership, Mr. and Mrs. Willey, Mr. and Mrs. Lawarson, Mrs. Ida Crighton, and Miss Jean Hawkins.

The Woman's Society of Christian Service will hold its annual Christmas sale at the church on Wednesday, Dec. 6, and a baked ham dinner served, beginning at 5:30 to which the public is invited. Sale includes aprons, fancy work, rugs, etc., suitable for your Christmas list.

The Junior choir under the direction of Mrs. Warren Brown, sang the special anthem at the worship service last Sunday.

Mrs. Olga Fischer of East Shore Gardens was taken to the Lake Co. General hospital at 2 a. m. last Thursday morning and is very ill with a heart condition. Her daughter, Mrs. Walter Sorenson came home from the hospital only two weeks ago.

Mr. and Mrs. Stephen Marvin who have been living in Milwaukee and their daughter, Miss Pat Kelleher, a college student, at Appleton, Wis., spent a few days last week at their home at Cedar Lake.

Mr. and Mrs. Arthur Haley have moved into the new apartment they have recently built, making it very convenient for their business. They have been living at Petite Lake.

Mrs. George Eaton, formerly of this vicinity, now living at Rock Lake, Wis., called on friends here Monday. She will spend some time with relatives in Indiana, then go on to Florida to spend the winter months.

The fire department was called Saturday afternoon to the B. J. Galiger farm at Monaville, when a haystack burned, threatening the

farm buildings, but only one small one was burned.

The firemen held a party with refreshments at the recreation room at the fire station last Saturday night to entertain all who worked at the carnival last summer, and everyone had a delightful time.

The Woman's Society of Christian Service will meet at the church on Wednesday afternoon, Nov. 29, for a business and social time and to make final plans for their sale and ham dinner to be held at the church on Dec. 6. A special feature of the meeting was a thanks service. Mrs. Hooper and Mrs. Perry were hostesses.

Mr. and Mrs. Frank Grenus entertained Mr. and Mrs. Philip Seefeldt and family, of Elkhorn, Wis., Mr. and Mrs. Lawrence Seefeldt and son, of N. Chicago, Mr. and Mrs. Fred Seefeldt, of Lake Villa and Mr. and Mrs. Harley Hall of Deeds-town, Wis., at dinner on Thanksgiving Day.

Mr. and Mrs. Jake Wallace have recently returned from N. Wisconsin, where they spent several days deer hunting and returned with a deer.

Mr. and Mrs. Frank Grenus and children were dinner guests of Mrs. Jennie Buchal, of Ingleside on Sunday. Mrs. Buchal's son, George, is home from the University.

Mrs. Ida Somers who spent last week at the home of her son in Chicago became much worse and was

taken to a Chicago southside hospital, where she was put in an oxygen tent, and she is recovering slowly.

Mr. and Mrs. Russell Brumfield spent Thanksgiving Day with Mrs. Brumfield's sister, Mrs. Vernon Sorenson and family in Waukegan.

Mr. and Mrs. Al Boehm and Mrs. Kate Manzer were dinner guests of Mr. and Mrs. Porter Greene in Waukegan last Thursday.

Mrs. George Beemsterboer and children returned Sunday to their home in Chicago after spending a few days with her parents, Mr. and Mrs. Arthur Nauta. Mr. and Mrs. Beemsterboer and their children, Mr. and Mrs. A. Nauta, Miss Lillian Klemm and Mrs. C. B. Hamlin were guests of Mr. and Mrs. Lester Hamlin on Thanksgiving Day.

Mrs. Eleanor Gilmore is recovering.

She found  
her mother  
after  
25 years!

For 25 years Mrs. Kathryn McCarty of Chicago had wondered who her mother was and whether she would ever see her.

"I had been adopted when I was 10 days old," Mrs. McCarty writes, "and I had never found trace of my mother. I moved to Virginia after the death of my foster parents. And I was resigned that probably no way in the world could I find my own people.

"Then the letters started and my mother contacted me from Dayton, Ohio. On January 21, the telephone rang and I heard the voice of my own mother for the first time in my life. She was calling from Dayton, saying: 'Hello there, this is your mother!'

"The telephone is a priceless instrument for me!"

No price can measure its usefulness!

Did you ever stop to think how much some of your telephone calls are really worth? Can you remember a call that made you feel your telephone service was "priceless"? We'd like to hear that story. Write, please, to:

ILLINOIS BELL TELEPHONE COMPANY  
Dept. 230, 212 W. Washington St., Chicago 6, Ill.

**"House for Sale"**  
There would be little to distinguish between a modern house-for-sale ad and that of a wealthy Roman's house in about 30 A.D. The latter would read something like this: "Spacious 30-room stone house, hot air furnace, running water, kitchen with built-in oven, landscaped central court with pool." The Roman probably would assume that you knew he had glass windowpanes and artificial lighting—provided by oil lamps.

**Difficult Assignments**  
One of the most unusual and difficult assignments ever given U. S. marines was to transport several lions from Addis Ababa, Ethiopia, to the seacoast. The lions were to be presented to President Theodore Roosevelt as a gift from Emperor Menelik.

**"Regimented" Atoms**  
"Regimented" atoms behave much better than those in a "disordered" condition. Lining up atoms like platoons of soldiers greatly improves the properties of magnetic materials.

**Tight Shoes**  
Nearly 90 per cent of the workers at the DuPont plant in Wilmington, Del., were found to have mechanical dislocation of the foot bones, in a recent study. In American industry, study disclosed, one of every four men and two of every three women are wearing shoes that are too tight. As a result many workers suffer from "afternoon fatigue" and lowered efficiency.

**Dunkerque, France**  
During the 17th century, Dunkerque, France, was besieged three times within 12 years, and finally was ceded to Oliver Cromwell of England in return for the use of his fronsides (cavalry) at the battle of the Dunes. Shortly afterwards, it was repurchased by France and fortified by Louis XIV.

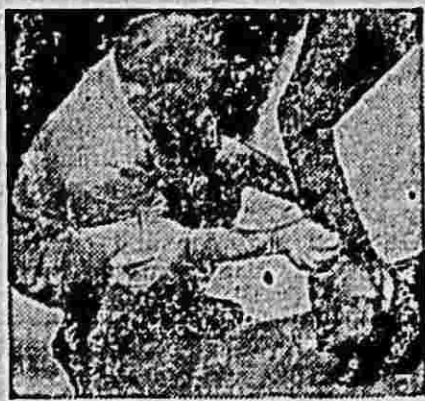

**What Price Tariff**  
There is an import duty of 14 cents on every pound of refined nickel shipped into the United States although hardly any nickel is mined in the 48 states.

## HEALTH HINTS for LIVESTOCK

PREPARED BY  
AMERICAN FOUNDATION FOR ANIMAL HEALTH

### STOCK LOSSES DUE TO WOUNDS

Remember the old saying: "For want of a nail the horse was lost?" Equally true is another adage that

Proper care may save lockjaw losses. "because of nails thousands of horses and mules are lost." The reason is

that nail punctures of horses' feet bring grave danger of fatal lockjaw, unless proper preventive measures are taken.

No wound on an animal should be considered a trivial matter. For one thing, animal skins are invariably contaminated with germs capable of causing blood poisoning, gas gangrene or lockjaw. And in many sections, larvae of screw worm flies may cause fatal damage in neglected wounds.

Simple small wounds can be washed with soap and water and dusted or doused with an antiseptic dressing. Sometimes livestock owners seek to promote healing by plastering wounds with mud or a spider web. Such measures increase the danger of infection and should never be used.

Deep or extensive wounds, or those of the puncture type, should always be handled by a veterinarian, for preparation of the wound area, drainage and suturing are essential to proper recovery and function.

**Vision of Girls**  
Girls learn to read earlier, faster, and with more comprehension than boys. The reason is that "the visual system matures earlier in girls than in boys." Girls are about six months ahead up to the age of ten.

**Ear Protectors**  
Those who are working under noisy conditions should protect their hearing with ear protectors, which reduce noise by as much as 25 per cent.

**Day-Old Colt**  
Because the wild horse had little protection from its enemies besides running ability, nature gave it the advantage of early development. A colt can lift its head 10 minutes after birth, and can stand up an hour later. Wobbly at first, the day-old colt can walk and run.

### True Saying

Publius Syrus some 20 centuries ago said, "familiarity breeds contempt." It also sometimes breeds carelessness.

## ATTENTION CONTRACTORS! AUCTION

of Contractor's tools and materials

Having decided to quit the contracting business, I will offer for sale the following personal property at my home, on U. S. Route 12, 100 feet south of the stop lights, Fox Lake, Illinois, on

SUNDAY, DECEMBER 3, 1950

starting at 1 o'clock p. m., sharp

Two 3½ cu. ft. concrete mixers in A-1 condition; 2 wheelbarrows for concrete; cement box; 6 50-gal. water barrels; concrete block machine with face plates for rock face, panel face, and smooth face concrete blocks, also plates for ½ - ¾ - 1 - 1½ blocks, and 100 wood pallets for the block machine; 40 4x8-ft. concrete forms; 60 other concrete forms of various sizes.

35 forms for concrete piers from 1 ft. long to 4 ft. long; 2 kerosene torches for pouring concrete in freezing weather (both like new); 4 oil-burning salamanders like new; 1 gasoline centrifugal water pump with 3-inch suction and discharge (can be carried by one man).

The following house raising and moving equipment; 18 wood rollers; 23 screw jacks; 8 steel jack posts; 40 pairs of white oak collar blocks for house jacks; 500 pieces of 8x8 wood cribbing blocks; hundreds of smaller cribbing blocks; 50 timbers of various sizes and lengths for house raising; 30 2x12, 16 ft. planks; several thousand feet of lumber of various sizes and lengths for use in the construction business; 12 scaffold brackets; 6 tarpaulins two 10x30 ft., two 10x20 ft.; two 16x10 ft. all like new.

One ½ h. p. motor and several smaller motors, all in working condition; one 12 inch band saw; one blacksmiths anvil; 1 blacksmiths forge; all kinds of blacksmith tools;

One laundry stove; 1 pot-bellied stove; 200 ft. garden hose; 1 steel tank, 4 ft.x6ft.x18 inches deep; 1 ice box, holds 100 lbs. ice; 20 barn sash; 10 checkrall windows; 10 folding chairs; 1 picture window 12 lts.; 6 sq. 8 in. asbestos siding shingles; 8 sq. asphalt roofing shingles; 1 overhead garage door and hardware; many concrete blocks, rockface, smooth face, septic tank blocks; chimney blocks. Also hundred of other articles too numerous to mention.

¾ ton 1949 Chevrolet platform body truck, with hydraulic hoist, run only 5000 miles.

All property must be settled for with the clerk before being removed from the premises.

GEORGE D. WATTS, Owner

Edwin "Dutch" Vogel, Auctioneer

### Early Atlantic Crossing

The first visit to England by a native American is believed to have occurred about 1585. At that time, Sir Richard Grenville, cousin of Sir Walter Raleigh, commanded a fleet that deposited the first, and temporary, Roanoke island colony off North Carolina. Sir Richard returned to England with an Indian who was there baptized into the Christian faith as "Christian Rawley."

### Barn Red

Barn red is becoming increasingly popular as a body-color for small houses. It contrasts pleasantly with the surrounding green shrubbery and is set off effectively with white trim and shutters. The red and white combination is attractive with a gray or a brown roof.

Exclusive rapid road service for  
GMC owners—call Western Union  
Operator 25 for name of nearest  
GMC approved service

IN these uncertain days it's wise to buy a rugged truck that can roll with the punches for years to come. Big fleet operators who keep careful check on all makes of trucks tell us that GMC's are consistent standouts for long life with minimum maintenance.

That goes for all GMC's from ½-ton models up. Many GMC Diesel truck-tractors are still highballing loads with more than a million miles of over-the-road service behind them.

The reason is—every GMC is all truck! Every GMC is designed by truck engineers for truck service with 100% truck-built parts. You get a real truck engine with high horsepower and higher sustained torque—more pull—an engine that delivers full power without eating its heart out!

There are many other extra-value reasons why a GMC is your best buy for the long haul. We'll be glad to give you proof!

# SOCIETY EVENTS

## It's Twirp Week With a Soph Dance At A.T.H.S. Friday

Twirp Week, which in the language of the teenage groups means "the women is requested to pay," will reach a climax at the Antioch Township High school Friday with a Sadie Hawkins dance, sponsored by the Sophomore class.

The dance will follow the Antioch-Barrington basketball game and in conformity with Twirp week which the Student Council inaugurated Monday, the girls will pay the 50 cents for the tickets.

Art Smejkal's orchestra will furnish the music and dancing will be from 10 p. m. until midnight.

Prizes will be given for the best costumes and all students are urged to come in costume.

The following committees have been appointed for the dance:

Decorations—Jerry Quilty, Carol Loftus, Emily Rule, Loraine Steinel, Nancy Sheehan, Doris Petersen and Karen Martin.

Refreshments, Charlene Powles, Nancy Vance, Evonne Gindick, Aldine Anderson and Jack Nelson.

Tickets, Boake Baird, Marge Purdon, Marge Haling, Patsy Miller, Judy Gaston, Sylvia Beelow and Mary Fields.

## B. P. W. Club To Hear Talk by Miss Roberts After Potluck Dinner

The Antioch Business and Professional Woman's club will hold its annual Christmas meeting Monday evening in the Scout home.

Mrs. Lillian Hand and her committee have planned the potluck dinner at 6:30 p. m. which includes roast turkey and all of the trimmings.

Mrs. Cornelia Roberts, a former Antioch resident, and one of the founders of the club will be the speaker. She will tell members about Christmas in the Far East and will illustrate her talk with pictures.

Instead of the exchange of gifts the members are asked to bring good used garments which will be sent to the international branch of the club where they will be packed and sent to the needy in Europe.

Members have been asked to bring their own dinner service.

## ANNUAL CHRISTMAS SALE & TURKEY DINNER

The Woman's Society of Christian Service of the Ingleside Community Methodist church will hold its annual Christmas Sale and Turkey dinner on Tuesday, Dec. 5.

The Christmas Sale will start at 2:30 p. m. in the church.

Dinner will be served in the Ingleside Town Hall from 5:30 to 7:30. Reservations may be made by calling Mrs. Emerson Abts, Fox Lake 7-2373; Mrs. Clarence Lindahl, Fox Lake 7-5321; or Mrs. Fred Birn, Fox Lake 7-2132. Reservations should be in by Sat., Dec. 2.

The price per plate is adults \$1.50, children 75c.

## W. S. C. S. TO HAVE CHRISTMAS PARTY

The Christmas party of the Women's Society of Christian Service will be held Wednesday, Dec. 6, at the Methodist church.

A pot luck dinner will be served at 12 noon so that working members can be present. Each member is asked to bring a dish to pass and a gift not to exceed 50 cents in value for a resident of the Methodist Old People's home in Chicago.

For devotions Mrs. W. C. Petty will give the story of the Christmas carol, Silent Night, and several carols will be sung, after which the December circle will have a party of games and fellowship.

## MEN AND BOYS MAKE CORPORATE COMMUNION DECEMBER 3rd

The men and boys of the Episcopal church all over the country will make their annual Advent Corporate Communion on Advent Sunday, December 3rd. The hour for the Holy Eucharist at the Church of St. Ignatius of Antioch will be 8 a. m. Coffee and rolls will be served after the Eucharist.

The Priest in Charge will discuss with the men some of the aspects of the hoped-for incorporation of the mission church of St. Ignatius into a parish church by the first of the year.

## BIRTHS

Mr. and Mrs. Raymond Morton are the parents of a son born Friday, November 24, at St. Therese hospital.

Mr. and Mrs. Alfred Carlsen are the parents of a girl born November 24 at Victory Memorial hospital.

## ENTERTAIN LAKE COUNTY MATRONS AND PATRONS CLUB

Mr. and Mrs. Irving Elms were host and hostess to the members of the Lake County Matrons and Patrons club at their home on Channel Lake Sunday. Dinner was served at 6 o'clock. The evening was spent in playing cards.

## CARD OF THANKS

We wish to thank all of our friends and neighbors for the many acts of kindness and sympathy shown during our recent bereavement in the loss of our daughter, Patsy.

Mr. and Mrs. George Reardon

## Order of Rainbow Has Birthday Celebration; Initiates Phyllis Petersen

There was a large attendance Monday evening at the potluck supper of the Antioch assembly No. 23 Order of Rainbow for Girls at which the tenth anniversary of the organization was celebrated.

The three Petersen sisters, June, Virginia, and Doris took part in the initiation of their sister, Phyllis, in the meeting which followed the supper in the Masonic Temple. Virginia is worthy adviser and conducted the initiation while June gave the obligation and Doris served as drill leader. Their mother, Mrs. Einar Petersen witnessed the initiation.

The guest list for the occasion included:

Miss Ila Mae Baker, Waukegan, grand worthy advisor of Illinois; Miss Betty Jean Evans, grand representative to Iowa; Miss June Petersen, student nurse in Evanston, grand representative to Wisconsin; Miss Jane Hunter, past grand officer and a past advisor of Antioch assembly; Mrs. Mabel Lou Hunter Dow, past grand officer and past advisor of Antioch assembly; Miss Theodora Henning, past grand officer and past advisor of Antioch assembly; Mrs. Shirley Henning McLain, the first worthy advisor of the assembly; Mrs. Lois Peterson, worthy matron, Antioch chapter; Leslie Heath, worthy patron, Antioch chapter, and Adrian Vanderkloot, worshipful master, Sequoit lodge AF and AM.

Mrs. Martha Hunter, member of the state executive board; Mr. and Mrs. C. E. Henning, the Rev. Warren Henslee, Mrs. Edith Elms and Mrs. Margaret Gaston, members of the first advisory board, were also present. Mrs. Fern Lux, past matron of Antioch chapter and George Good past master Sequoit lodge, as well as a group of Eastern Star and Masonic lodge members, also attended the installation.

## Wilton-Py Marriage Told

The marriage of Miss Dorothy La Verne Py and Charles William Wilton took place Saturday, Nov. 25, at 4 p. m. at the Methodist parsonage, the Rev. G. Richard Tuttle heard the vows.

Miss Py is the daughter of Mrs. Clara Py, of Lake Catherine and the late Arthur L. Py. The bridegroom is the son of Mr. and Mrs. Robert Wilton, of Salem, Wisconsin.

The bride wore an autumn brown suit with light brown accessories, while her maid of honor, Miss Nancy Reeves wore a gold suit with blue accessories. Donald Wilton was his brother's best man. The bride is a graduate of Antioch Township High school and the groom is a graduate of Union Free High school at Wilmot, Wis.

A wedding reception was held at the Parkside Inn at Salem, Wis. Out of town guests included Miss Mary Kurtz and Miss Jeannine Nelson, of Chicago, Mr. and Mrs. Douglas Shouldice, Mr. and Mrs. Theodore Kurtz and family of Milwaukee, Wis., The Becker family, Park Ridge and Mr. and Mrs. George Metz and family, of Milwaukee. The young couple will reside in Salem, Wis.

## Antioch Rebekahs Act As Officers in Dist. 3 Meeting at Crystal Lake

Mrs. Maud Johnson, noble grand of Lakeside Rebekah lodge 82 acted as chaplain for the meeting and installation of Dist 3 Rebekah Odd Fellows at Crystal Lake recently.

Mrs. Clara Wilton served as assistant inside guardian and Mrs. Mary Ellis as chairman of the resolutions committee.

Mrs. Goldie Stillson, junior past president, was presented a bouquet of flowers from Mrs. Tillie Miller.

Mrs. Erma Turner, Lake Villa was installed as president of the district.

The next meeting of Lakeside lodge will be held at 8 p. m. Wednesday, Dec. 6, in the I. O. O. F. hall. Election of officers will be held and the noble grand urges all members to attend.

## M. Y. F. WILL SHOW FIFTH OF MOVIE SERIES

The fifth in the series of motion pictures on the life of Saul will be shown by the M. Y. F. at the Antioch Methodist church at 6:30 p. m. Sunday. The movies entitled "The Story of Paul and Barnabas in Antioch—Ambassadors for Christ" are based on the scriptures: Acts. 11: 22-30, Acts. 12: 12-25, and Acts. 13: 1-5. This film shows Paul preaching in Antioch, and buying a slave girl whom he sets free.

Mr. and Mrs. Other Polsgrove, Mr. and Mrs. Wayne Polsgrove and daughter, Dianne and Mrs. Howard Nevitt and son, Stevie, spent Thanksgiving in Chicago at the home of Frank Shamba. Mrs. Mary Smyth was also a guest.

## MR. AND MRS. J. P. SHANE ANNOUNCE MARRIAGE OF DAUGHTER

Mr. and Mrs. J. P. Shane announce the marriage of their daughter, Shirley to Mr. Charles Schwimser, of Chicago, on the 25th of November at Redeemer church, Park Ridge, Illinois.

## ANTIOCH CHAPTER O. E. S. INSTALLS OFFICERS SAT.

Over a hundred members and guests were present at the public installation of Antioch chapter No. 428 Order of Eastern Star officers Saturday evening at the Masonic Temple. Following the installation ceremonies a short musical program was presented and refreshments were served in the dining room.

## BAUERS CELEBRATE 25th WEDDING ANNIVERSARY

Mr. and Mrs. Louis Bauer celebrated their twenty-fifth wedding anniversary Saturday with a family dinner at Linders at 9 p. m. It was also their daughter, Darlene's twenty-first birthday anniversary. Twenty-three persons, all relatives, were present. Mr. Bauer is the proprietor of the Snowwhite Ice Cream store.

## CHILI DINNER AND BAZAAR

The ladies of St. Ignatius Episcopal church will hold a bazaar and chili dinner at the Parish hall Wednesday, December 6. The serving will start at 11:30 and all business people will be served without delay. Mrs. Lester Nelson and her committee will be in charge.

## HICKORY SCHOOL TO HOLD HOME BAKE SALE

Members of the Hickory school Mothers club are sponsoring a home bake sale and bazaar Saturday, December 2, at the Ford Garage, Mrs. Rudolph Novy, pres., announced.

Mr. and Mrs. Wesley Reeves, Sr. went into Chicago Sunday to be with their daughter, Nancy, who underwent a tonsillectomy at the Manor hospital, Monday. Nancy accompanied her parents home Tuesday and will remain for a few days before going back to work at the Mutual Boiler and Machine Insurance Company in Chicago, where she has been employed for the past year.

Robert Kufalk, son of Mr. and Mrs. Roy I. Kufalk, who is a student at Kendall College, Evanston, in company with friends drove to Erie, Pennsylvania for Thanksgiving. Due to the bad ice and snow storm was unable to reach home until Wednesday. It was an eighteen hour drive and they had two minor accidents enroute home.

## R. N. A. PUBLIC CARD PARTY

Olson Camp, Royal Neighbors plan to give a public card party at St. Ignatius Parish hall Friday evening, December 1.

Mrs. George Peterson, Rte. 173 at Channel Lake entertained her two sons and their family, the Evan Millers of Chicago and the Delbert Millers of Schullersburg, Wis., over the weekend. While they attended Antioch Chapter Order of Eastern Star installation ceremonies held Saturday evening in the Masonic temple, Mrs. Peterson was installed as worthy matron of the chapter.

Mrs. Mollie Somerville entertained at Thanksgiving dinner, Mr. and Mrs. Harold Johnson, of Rockford, Mr. and Mrs. Earl Somerville, of Chicago and Mrs. Elizabeth Fagan, of Antioch.

Mr. and Mrs. Elmer Baethke and son, Gene, returned home Monday after spending several days with friends and relatives in Minneapolis, Minnesota.

Mr. and Mrs. Guy Moore, of Chicago, were guests of Mrs. Fern Lux over the weekend.

Will Open New Office  
Dr. E. J. Lutterman, dentist, will open his new office at the Mortensen hotel, Dec. 2.

## CARD OF THANKS

I wish to thank my friends who donated blood for me while ill in Victory Memorial hospital.

Mr. and Mrs. Ed Jahneke, Antioch. Mr. Steve Munha, 1039 Adams St., N. Chicago; Mr. William Benesh, 1917 Honor St., N. Chicago; Mr. Wm. Peterson, Senior Vice Commander of the 10th district of the American Legion Post. Also for the beautiful flowers sent by Mr. and Mrs. Ben Miller, Mrs. Frieda Schmidt, Mrs. Mame Pedersen, Mrs. Gullidge, Mrs. McDermott, Mrs. Ethel Horan, Mrs. Dorothy Tague, Mr. and Mrs. O. W. Turner, Mr. and Mrs. John Horan, Sr., Millburn Sunday school class; Lakeside Rebekah Lodge No. 82. Also my relatives from Camp Lake, Wis., and Antioch who have been so kind to help in the home while I am ill, for the many cards and letters of cheer from the Millburn Congregational church, American Legion Auxiliary Post 748 and Lakeside Rebekah Lodge No. 82.

—Mrs. Ellen Swenson

## CARD OF THANKS

Our sincere thanks to friends, relatives and neighbors for kindness and sympathy extended to us during our recent bereavement, also to Fr. Flaherty and Fr. Gilbride for their kindness.

The Thomas Dowell family

## Library Notes

In this automobile age, it is strange but true (ask any librarian) that horses hold a great interest for many people, young and old, of both sexes. Two books, by experts on the subject of horses, have just been added to the shelves of the Antioch Township Library in memory of Alfred J. Pedersen.

"Horses are Folks" is another masterpiece by C. W. Anderson, who writes and ably illustrates so many books about horses. His sketches catch the resemblance that horses have to people in a gay and tender series of portraits. Here are the leggy foals, the fillies, and the yearlings bearing a startling similarity to our own toddlers and teenagers. Here also are the equine counterparts of the perfect gentleman, the prima donna and the tough guy.

Margaret Cabell Self (who knows all there is to know about handling horses) is the author of "Horses: their selection, care and handling." This is the ideal book for the novice from the purchase of his horse to taking blue ribbons in the Show Rings. The characteristic of the more familiar breeds are discussed to help the prospective purchaser find the needed type of horse for his purposes. Feeding, grooming, and general care are outlined, together with the "tricks of the trade" which make the owning of a horse easier and more enjoyable.

## Mrs. J. J. Smith Wins International Honors With Canary Exhibits

Mrs. J. J. Smith of Feller's subdivision, Antioch, won many high honors with her Budgerigar birds at the National Bird exhibition at Detroit, Mich., Nov. 24, 25, 26.

London, Canada, and the United States were represented in the exhibit.

In the light green normal hen class, best of breed, she won first prize for novice; and three specials, fifth best Budgie (show cage), best young normal (A. B. S. trophy), and best novice hen (A. B. S. diploma). The highest honors of the three nations was won in the Yellow Opaline male class for best unfluffed which included first prize, novice; and specials, best Yellow Opaline (trophy), sixth best Bidgie (show cage), best young rare (A. B. S. trophy), and best young rare color (A. Light Green Opaline hen class—B. S. trophy).

Best of breed, and first prize novice.

## ROBT. DUBEN AT GREAT LAKES

Robert F. Duben, seaman recruit, USN, of Route 2, Antioch, is undergoing recruit training at the world's largest Naval Training Center, Great Lakes, Ill.

Recruit training is the sharp break between civilian and Naval life in which the new Navy man learns the fundamental principles of the Naval service.

In the course of his training the recruit is taught seamanship, Navy customs, terms, basic ordnance, gunnery, signaling and navigation. Upon completion of his training the recruit is assigned either to units of the Fleet or to a service school for specialized training.

The William Terry family of Lake Marie entertained at Thanksgiving Day, Mr. and Mrs. Forest A. Terry and daughter Claraanne, of Chicago, Mr. and Mrs. Homer Robinson and children Anne and Spike of Des Plaines; Mr. and Mrs. Paul K. Ward and son, John of L-Anse, Michigan and two sons Dick and Paul of Great Lakes; Miss Clara Ann Terry of Columbia, Missouri and their daughter, Betty, who is a student at the Northern Illinois Teachers College at De Kalb.

CARD PARTY AND DANCE  
The Channel Lake Community club will sponsor a card party and dance at the school Friday, Dec. 15. Music by Fred Thies and his orchestra.

## MILLBURN

(Continued from page 4)  
Mr. and Mrs. Oscar Neahous spent a few days with their daughter, Mrs. Helen Christiansen,

## Send Your Husbands to Antioch Blubber Club To Reduce, Wives Told

Antioch women who have observed that their husbands are getting larger waist than chest measurements are being given this tip.

Have them join the Blubber club. The Blubber club is a group of business and professional men and daily workers who gather each Tuesday night at the high school gymnasium for games such as volleyball.

Not only do they have a lot of fun but they get rid of a lot of excess fat and retain their Ajax figure. Those in charge say that one night a week won't hurt and it will give the women a chance to get down on the floor and go through their reducing exercises if they need it.

All men have the standing invitation to come to the gymnasium at 7:30 p. m. any Tuesday night they can attend.

P. S. Unmarried men may attend also.

### Tries to Stab Wife

Frank Zellhor, 59, Sheehan rd., near Lake Villa, was to be given a mental hearing yesterday at Waukegan after he attempted to stab his wife with a pair of scissors. Men in the neighborhood, later aided by sheriff's deputies, restrained him from injuring her.

### Weather Severely Cold

This area already has experienced the severest early winter weather in 50 years. Temperatures as low as 5 degrees below zero were recorded last week, and the calendar winter is three weeks off.

### Brushing

Brush garments and household textiles frequently. Dust, dirt, and grime have a cutting action of textiles fabric.

### Black Eyed Peas Confuse New Bean Sorting Machine

WASHINGTON — The government has developed a bean sorting machine in which a television tube "eye" picks the bad from the good.

The machine can scan 3,780 beans a minute, and eject any that does not conform to a normal color pattern. Some 100 are being used at the Chester B. Brown plant at Gering, Neb.

They can be adjusted to sort beans of any color, even pintos. It is reported, but the so-called black eyed pea (experts call it a bean, too) has the TV eye stumped. It can't tell the difference between a bad pea's discoloration and the distinctive black eye on a good one.

It's another mystery that science has not explained yet.

### Wisconsin Town Loses Tax Revenue Over Technicality

WAUSAU, Wis. — Sam Nigar has the town in an uproar. And it is through no particular fault of his own.

Sam's property sits astride the city limits. His barn is in the city of Wausau and his house is in the county of Wausau. Last year he asked the Wisconsin Fuel & Light company to hook him up to the gas mains. It meant a 300-foot extension of the mains, but the company obligingly made the connection.

Sam's gas hookup has had far reaching results. Previously the company serving only city customers, had been classified as a private utility and paid its taxes directly to the city. When the company first started serving Sam, outside the city limits, it became a public utility. From now on it will pay its taxes to the state, the department of taxation has ruled.

That's good for the gas company but bad for the city. Last year the company paid \$14,000 in taxes on a city tax rate of \$36 per \$1,000 valuation. This year the company will have to pay only \$11,205 in taxes, because the state rate is \$27 per \$1,000 valuation. Of this tax money collected by the state, the city will get half, or \$5,600.

Wausau officials, aggrieved at the prospect of an annual \$9,340 revenue loss, are reported to be toying with the idea of "annexing" Sam Nigar's house.

### 300-Mile Tunnel Planned To Drain Huge Coal Field

WASHINGTON — A 300-mile-long twin bore tunnel to open vast hard coal reserves now under water in central Pennsylvania is being planned by the bureau of mines.

S. A. Ash, chief of the bureau's safety branch, said the tunnel—the longest of its kind—should be constructed from the central Pennsylvania coal field to Tidewater near Bay de Grace, Md.

The project would cost from 300 to 500 million dollars, Ash said, but would have a double barreled purpose. While opening new anthracite reserves in an area now producing more than 500 million dollars worth of coal a year, it also would carry 600,000 gallon of water a minute through a heavily populated industrial area which is frequently threatened with water shortages.

This water would provide a new source of electric power to supplement supplies in an industrial area roughly from Jersey City to Baltimore, Ash said. He added that the drainage would double the remaining life of the Pennsylvania anthracite field.

## \$10.50 for a Typewriter Ribbon!

The Hoover Commission found that paperwork on a single government purchase costs more than \$10.00. Yet half of the three million purchase orders each year are for items costing \$10.00 or less.

TAXPAYERS BILL  
RIBBON . . . \$ .50  
PAPERWORK . 10.00  
COST \$10.50

PAPER WORK COSTS more than the item itself on many government purchase orders. The average citizen pays the bill for lack of cost-accounting, red tape and failure to use modern, efficient methods. That's why the non-partisan Hoover Commission recommended a sweeping revision of current buying procedures, asked for a new Office of General Services, 50% of the Hoover Commission recommendations have already been carried out; the remainder await enactment into law. Public opinion will decide how soon America obtains better government at a better price!

## HEALTH HINTS for LIVESTOCK

### KEEP BABY PIGS WARM AND DRY

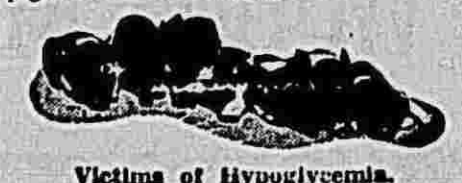

Baby pig disease, in all its varied forms, has been causing heavy losses in the last few years. Yet a good many of these losses could have been avoided by one simple precaution: Keeping baby pigs warm and dry during the first few critical days of their lives.

Whether the chief trouble-maker is a germ or virus, poor sanitation, poor nutrition or just plain lack of vitality, chilling can be a contributing factor in a dozen different diseases of baby pigs. A pig in cold, drafty, damp quarters is highly susceptible to infection. Furthermore, it doesn't utilize its feed to the best advantage for a fast growing start.

In cold weather, authorities say, a heated pig brooder usually helps save an extra pig in each litter.

A brooder can be improvised from material on the farm if a regular ready-made brooder can't be provided.

A jug of hot water, for instance, gives good protection if it is tightly corked and regularly re-filled with heated water. Another make-shift brooder can be made with a clean wooden barrel, with an electric light in it to furnish the heat. The wires must be properly insulated, of course, to avoid the danger of giving the pigs an electric shock.

Hypoglycemia (see illustration) is typical of the diseases which may be brought on, at least in part, by chilling of baby pigs. Hypoglycemia is characterized by a deficiency of blood sugar. Symptoms include shivering, dullness, and loss of appetite. In recent years veterinarians have helped conquer this disease by injecting special sugars into the blood stream.

### Farmers Have Special Privileges Under New State Game Statutes

The question frequently arises as to what special privileges there are for farm owners and tenants with respect to the taking of fish and game. Illinois lawmakers have felt that persons living on the land should have certain rights which others do not possess. Accordingly, the following laws were passed:

"The owners residing on, or tenants of, farm lands, and their children, actually residing on such lands, shall have the right to catch or take with a hook and line, fish of the kind permitted to be taken or caught under the provisions of (the Fish and Game Code) from waters lying upon or flowing over such lands, of which they or their parents are the bona fide occupants or tenants, without procuring licenses . . . providing such fishing shall be done during (the lawful season)." A similar law exists with respect to hunting and trapping.

The following facts about the application of these laws will help to clarify them:

1. Only occupants of the land are excused from procuring a license. Even the children of an occupant must live at home to enjoy this privilege. An owner not residing on his land must procure a license to hunt, fish or trap on his own land.

2. The law simply excuses occupants from the necessity of procuring a license to hunt, fish or trap. It does not excuse them from other provisions of the Fish and Game Code, nor does it excuse them from securing a license if they go on the land of other people.

Of general interest to all boys and girls, particularly to farm boys and girls, is a law excusing persons under 18 years of age from procuring a license to fish with hook and line. The same exemption is provided for persons serving in the military or naval forces of the United States. This license exemption does not exist with respect to hunting and trapping, however.

In order that farmers may protect their crops and livestock from wild animals or birds, without incurring a penalty under the Game Code, the following law was enacted.

"The owners and tenants of lands may destroy any wild bird or wild animal, other than a game bird or migratory game bird, when such wild bird or wild animal is destroying property upon his or her land, but no poison or poisonous substance shall be used." The laws referred to may be found in the Illinois Revised Statutes, Chapter 56, Section 225, and Chapter 61, Sections 188-189.

### Mixed League To Be Organized On Sunday Evening

A mixed league, to bowl on Sunday evenings, will hold a first meeting on Sunday evening, December 3, to organize and elect officers for the year. The league will be similar to the mixed league of other years, in that a handicap will be allowed, and that teams will consist of two couples.

Ed Carney of the Antioch Recreation said today that some openings in the new league are still available, and that any persons who wish to bowl in the league be present Sunday evening. He added that six teams would make up the league, which will bowl early on Sunday evenings, with a schedule of either 15 or 20 weeks.

### Women's Handicap League

Pages won all three games from Kempfs. I. Cook 464 for Pages, E. Weber 420 for Kempfs.

Linders won two out of three games from Bud's. H. Hawkins 548 for Linders, J. Schneider 509 for Bud's.

Slide Inn won all three games from Our Country Club. J. Dupre 549 for Slide Inn, F. Herron 479 for Our Country Club.

Regal China won all three games from Art's Paint. A. Waters 383 for Regal, B. Meyer 397 for Art's Paint.

Seyfarths won two out of three games from Antioch News. D. Bauer 514 for Seyfarths, A. Gibson 454 for Antioch News.

King's Drug lost two games to Salem Recreation. C. Skalak 425 for King's, H. King 395 for Salem.

Team high series Slide Inn 773, 791, 781-2345. Individual high series J. Dupre 168, 192, 189-549. Individual high game H. Hawkins 210.

### Women's Major League

Reeves won all three games from Casey's. E. Courtney 506 for Reeves, F. Miller 501 for Casey's.

Bussie's Lounge won two out of three games from Blums. K. Manzardo 469 for Bussie's, N. Tiede 480 for Blums.

Barnstable and Brogan won two out of three games from Johnson's. K. Kasting 479 for Barnstable and Brogan, D. Ferris 488 for Johnsons.

The famed Monarch team of the Chicago Classic League will meet a picked team of Lake County Bowlers at the Lakes Bowl, Round Lake on Saturday evening, December 2.

Lineup for the Monarchs includes Carl Berger, Fred Fikes, John Small, Ruby Habletter and Bill Flesch. The local team will be Berne Baker, Larry Reimers, Charles Porteous, Charles Courtney and Douglas Vickers.

All bowling fans of the county are welcome to watch the match.

## Train Wreck

### Too Many Movies

CARUTHERSVILLE, Mo. — Too many movies proved a bad thing for 15-year-old William L. Godsey.

The boy admitted wrecking a Frisco passenger train and told officers he got the idea from watching a movie about the notorious Dalton gang.

The boy confessed to breaking a switch lock and a signal light near Holland, Mo. A Memphis to St. Louis train hit the switch at 50 miles an hour and jumped the rails, killing the engineer and injuring 13 persons.

The boy said the movie he saw showed the Daltons wrecking a train. The title of the picture was not learned. The Dalton gang operated in the mid-west half a century ago.

Young Godsey said he didn't intend to wreck the train and thought that turning the switch would merely send it into a siding.

## Sourdough Survives Bear Fight With Pocketknife, Speed

FAIRBANKS, Alaska. — "You ought to see that bear," says the man who fought one with a willow switch and a pocketknife. But you ought to see sourdough Dan Gillis, 76, who is nursing bites and scratches and a cut in one arm where the bruin's teeth went completely through.

Gillis said he was walking along a trail near his cabin at Dome Creek, about 20 miles northwest of Fairbanks, swinging a willow branch to brush away the mosquitoes.

"I heard footsteps. I turned around to see a big black bear keeping step with me," he said.

Gillis said he brandished the willow branch, which was decidedly the wrong thing to do. The bear charged, knocking the old man down. By some fluke he fell toward the animal, he said, pushing the bear off balance.

"That gave me time to pull out my pocketknife."

While the bear was clawing at him, Gillis said, he closed in and let the bruin have a few slashes over the heart. The bear lurched back and Gillis ran for the road with the animal's hot "breath on my neck."

A crew car of the Fairbanks Exploration Co. had been left in the road by a group of mining men. Gillis squeezed into the cab and slammed the door in the bear's face.

"The bear stood and considered the situation. Finally his lip curled in a sneer of disgust and he lumbered off," the old-timer said.

When the mining men returned to the car, they found Gillis bleeding badly from cuts.

### Newspaper Advertising Sales Set All Time High

NEW YORK—Newspapers remain the best advertising means according to latest reports.

Newspapers led the nation in advertising sales last year, the Magazine Printers' Ink reports with a total volume of newspaper advertising amounting to \$1,905,000,000, an all time high.

The newspaper percentage was 36.6 of the total with direct mail advertising accounting for the second largest share with 14.5 per cent. The direct mail method was 9.6 per cent higher than last year and amounted to \$755,600,000. Radio was the third largest segment with 12.2 per cent of the total. Radio advertising amounted to \$633,800,000, an increase of 2.7 per cent over 1948.

Magazines fell behind the previous year by 3.9 per cent. Farm papers advanced .5 per cent, business papers were down 1.1 per cent, outdoor advertising fell .8 per cent, and the miscellaneous group advanced 6.8 per cent.

The survey showed that total volume of all advertising amounted to \$5,202,200,000 in 1949, an increase of 7 per cent over 1948.

### Florida Snake Hunters Find 10 Foot 'Baby' Boa

JACKSONVILLE, Fla. — A boa constrictor has been captured in Florida according to reports of Dr. W. T. Neill, biologist and college professor.

Dr. Neill and Ross Allen, head of a Florida reptile institute, caught the reptile which weighed 45 pounds and was 10 feet long. They were looking however, for one reportedly 30 feet long which was believed to have escaped from a circus train 53 years ago.

The boa was found half buried in an armadillo hole. Instinctively timid, the snake lay still while Allen and Dr. Neill shovelled away dirt 10 feet away and uncovered the tail. Allen pounced on the snake's head and Neill caught the other end.

"We stretched it," Allen said. "It's weak as a kitten when strung out."

Old-timers living a long the swamp's rim remember when a circus train derailed near there in 1887. A giant boa constrictor was said to have escaped in the accident.

The men declared there were probably others in the same area.

## SHORT STORY

### Felix Retires

By Richard Hill Wilkinson

WHEN FELIX BRENDLINGER retired to private life he ceased to be a "figure" in Mayfield. If you took time to analyze the reason, the answer was simple.

For 30 years Felix had left his home on Pleasant street at exactly 7:35 in the morning, walked a quarter mile to the railroad station, boarded the 7:48 train for Longview, and spent the day in that distant city at a desk in the insurance offices of Booth, Gill and Dyer. Every evening he disembarked from the 5:52 train and retraced the quarter-mile to his Pleasant street home.

Mayfield citizens were used to the sight of Felix walking briskly to and from the railroad station. Sometimes some one would ask him to do an errand in Longview, and he'd always oblige. Frequently he would deliver choice bits of news to friends and acquaintances.

Booth, Gill and Dyer had for their clients two large steamship lines, and Felix could tell when the boats arrived in port, or when they were delayed by storms and when important persons were arriving from abroad.

There were a hundred and one things that Felix could and did do that achieved for him a certain recognition. After he retired, Felix ceased to be a figure. He wasn't an especially imaginative person, nor were his neighbors.

The neighbors knew unconsciously that Felix was no longer different from any of them. Felix knew it too. It troubled him. It hurt. It made him lonesome. It made him wonder. It threatened to develop in him an inferiority complex.

Felix tried hard to find pleasure in his retirement. He planted a garden and bought some chickens and occupied his time as much as he could. But it was a physical occupation, and this gave him plenty of opportunity to think. Eventually his thinking changed to brooding, and the brooding nourished the growing inferiority complex.

Felix's wife noticed the change. She tried to talk to him, to learn the source of his moodiness. But Felix couldn't explain it. He felt a little ashamed, and didn't want to talk.

Another month passed and Felix's wife began to think he was a case for the family doctor. Then one day a letter arrived from Booth, Gill and Dyer. They wanted to know if Felix would consider coming in for a few days to assist in straightening out some matters about which they considered him an expert.

"The idea," Felix's wife exclaimed. "Don't they know—but of course they don't—I'll write immediately and tell them how poorly you are!"

"You'll do no such thing!" Felix exclaimed, eyes gleaming. "I'm catching the 7:48 in the morning!"

THE JOB lasted three weeks. During that time Felix became a figure once more. People became used to him going back and forth

"You'll do no such thing!" Felix exclaimed, his eyes gleaming. "I'm catching the 7:48 in the morning."

to the train. Unconsciously they fell into the old routine of asking him to do errands and demanding choice bits of news. Felix was happy again. He beamed. He put on weight. He felt important. He was important.

On the day that Felix finished up the special work, Mr. Gill approached him.

"Felix, how about staying on with us awhile? You're not old enough to retire. We need you here."

"Need me?"

"As long as you'll stay. Oh I realize that sooner or later we'll have to get along without your help—but none of us realized how important you were."

Felix's face glowed. "Thanks, Mr. Gill. You couldn't have said anything that would make me happier. But as far as staying with you is concerned—I'm afraid I'll have to turn down the offer. You see, I've got some chickens and a garden out home that need my attention. And—well—now I'll be able to retire with a clear conscience."

## WHOLESALE MURDER

## Youth Says He Set Fires

COLUMBUS, O.—Police officers could not believe the incredible story of husky Robert Dale Segree, 20-year-old circus roustabout. He insisted he had committed four murders and set numerous fires, including the Ringling Brothers circus fire at Hartford that took 168 lives. Ohio fire marshal Harry J. Callan said Segree had signed a statement admitting the circus fire, four slayings "by his own hands", and more than a score of major fires in Ohio, New Hampshire and Maine.

After checking his story police were inclined to believe he was telling the truth.

The fire marshal said Segree admitted beating to death 9-year-old Barbara Driscoll of Portsmouth, N. H., on a river bank on Sept. 5, 1938. His weapon was a rock.

Segree's long statement, obtained after days of questioning, told a weird story of a nightmare Indian riding a flaming horse. Prosecutor Guy B. Cline of Pickaway county recited the story this way:

The Indian appeared to Segree at night, urging him to set fires. Segree's mind then went blank. When his mind cleared, a fire had been set. At this point, the phantom rider dismounted, taunted and sneered at Segree so that he ran from the scene.

Mr. Callan said Segree identified his other murder victims as a watchman who caught him setting fire to a warehouse in Portland, Me., on March 16, 1943; a boy about 12 or 13 years old on a beach at Cape Cottage, Me., about 1943, and a boy in Japan while Segree was a member of the Army of occupation in 1949.

Mr. Callan said Segree enlisted in the army in 1948 for three years but was released a year later upon advice of the medical service.

The fire marshal declined to make public details of Segree's confession. He said the youth definitely worked for the circus from June 30 to July 13, 1944. The official said during that time there were two small circus fires before the fatal one July 6.

James A. Haley, Ringling president at the time of the tragedy, and George Smith, then the general manager, served prison terms in connection with the fire. The circus paid off more than \$2,000,000 in damage claims.

"Segree admits to setting between twenty-five and thirty major fires in Portland, Me., from the latter part of 1939 until May of 1946 when he moved to Ohio," Mr. Callan said.

"When the family moved from Columbus to Adelphi, Ohio, in 1947, a series of small fires in alleys broke out in Circleville nearby. Segree admits setting these fires."

"He also admits setting innumerable small fires in Portland, Columbus and Circleville."

Ohio officials said investigators first learned of Segree while questioning William Graham, 23, of Circleville, sent to the Ohio state hospital for the criminal insane in connection with a fire at a granary in Williamsport.

### British Newspaperman Deserts to Communists

BERLIN, Germany—A British newspaperman has asked and received asylum in Communist east Germany because he no longer could serve "western warmongers."

The man, John Peet, 34, London, was chief of the British Reuters news agency in Berlin.

Peet said he had been given a job by the east German press ministry. It is headed by Gerhart Eisler, former American Communist leader who skipped bail in the United States and became propaganda chief of east Germany.

Peet's decision to change camps was startling in that he had handled many Reuter dispatches in recent months and none of them had been colored with Communist propaganda, according to his superiors.

In announcing his decision to change camps, he said: "We have all become, at least in part, instruments of the American guided war machine. As an English patriot and friend of peace I can stand that no longer."

### Houston Television Fans See Man Commit Suicide

HOUSTON, Tex. — Stanford B. Twente committed suicide while a Texas league baseball game was being televised to Houston and area residents.

Fans who were watching the game heard a shot and a second later the camera focused on Twente's slumped body.

Justice of the Peace Tom Maes was among those watching the game on television. He returned an inquest verdict of suicide without leaving his home.

Twente died in a hospital about two hours after the shooting.

At the start of the last half of the sixth inning, Twente appeared at the television booth and told the announcer, "I got something to tell you."

The announcer waved the man away and continued narrating the game. Twente was seated between the announcer and the engineer. He suddenly pulled out a pistol and shot himself, falling across the engineer.

**How to Freeze**

To preserve the freshness of fruits and vegetables, wrap them in moisture-proof materials before they go into the freezer.

Frozen foods are likely to lose quality if poorly packaged. The dry cold air in the freezer constantly steals moisture from foods in the form of moisture-vapor—unless products are wrapped and sealed airtight.

Keep this in mind when you buy containers and wrappings for freezing spring and summer produce. Find out directions for sealing containers at the time you buy them. Then seal packages carefully before freezing. It's good insurance for top quality frozen foods.

**Properties of Rubber**

These unique properties make rubber extremely valuable for everyday use in countless products. It can be soft as the nipple on a baby's bottle or as hard as a bowling ball. It can be airtight for inner tubes, or ventilated with millions of air cells for foam cushioning. Again, rubber can shed water in raincoats or pick up water in sponges. Rubber balls bounce, but rubber shock absorbers prevent bounce. Rubber resists wear in automobile tires but wears away in pencil erasers.

**Safe Washdays**

Make washday a safe day in your home. Take steps to prevent wringer accidents.

**Uncle Sam Says**

The American People have bought 1,275,000,000 Individual U.S. Savings Bonds since they were first offered in May, 1941. Every one of these Savings Bonds is guaranteed by your government and returns to you \$4 for every \$3 invested within ten years time. Have you ever stopped to consider where the help came from to assist the Treasury Department build this greatest sales record in history? It was done with the assistance of some 3,000,000 volunteer workers, all Americans ready to help their country. So to this wonderful volunteer army you and I owe a lot. Why don't you join them in the big Savings Bonds Independence Drive starting May 1st?

**N. D. Spring**

In North Dakota, April was the coldest on record since 1907.

**Mt. Washington**  
Mount Washington, New Hampshire, highest summit in the northeastern United States, has a mere 38-foot altitude edge over Mount Washington in southwestern Washington state. The summits are 6,298 feet and 6,250 feet above sea level respectively.

**Strength of Wood**  
The density of the solid wood substance of all species of trees is practically the same. The dry weight is, therefore, a measure of the amount of wood substance present: and on the amount of wood substance present depends the strength of the clear wood.

## Royalties From Play Finances London Hospital

LONDON, England — Sir James Barrie, the playwright, loved children so much he gave all the earnings from his fairy tale Peter Pan to a children's hospital in his home town. When he died he made the royalties a perpetual bequest.

Because of that gift, the London hospital for sick children, also known as Peter Pan Hospital has been made richer by 100,000 pounds (\$280,000) — and the money keeps coming in.

Peter Pan and his playmates—the Darling children, Captain Hook and all the other inhabitants of fairy land—have helped the people who run the hospital to build one of the finest, most modern hospital buildings in the world. They also help to pay for research by doctors and skilled technicians to study the costly and baffling diseases that strike at children.

Some of the money this year is coming from the pockets of Americans whose reverence of Sir James has made a revival of Peter Pan a current Broadway success.

### Construction Delayed

When the author died in 1937 the hospital was building a structure on the site of the old one in London's Bloomsbury district. It is not yet finished and probably won't be for a number of years. Building material shortages, then a change in plans, have held up the work.

The war stopped construction after the seven-story in-patient building had been completed. That's a many-windowed, H-shaped building with balconies running around every floor.

There are 328 beds, with almost 40 nurses to look after the young staff, doctors and 40 consulting specialists who visit the hospital almost daily.

In addition there are another 100 beds at the hospital's country branch, a former large private home on a 75-acre estate at Tadworth, Surrey, about 20 miles south of London. Then there are two convalescent homes with 18 beds each—one at the seashore near Brighton and another in rural Oxfordshire.

The royalties from Peter Pan help run all these, as does the government, which took over the control of virtually all British hospitals a few years ago.

### Government Pays Part

Because the hospital for sick children is a teaching hospital, its funds do not come under the control of the Health Ministry, but are administered by the hospital authorities solely for research and treatment. The government pays all maintenance costs.

There is a Peter Pan ward—the eye, ear, nose and throat section. Like the other wards, it is gaily painted and cheerful. There is a miniature surgery for each unit of eight beds. Every unit also has its playroom, with rocking horses, fire engines, trains and dolls for convalescent patients.

Every Christmas season Peter Pan is presented in one of the London theaters. And members of the cast pay an annual visit to the wards to entertain the children.

In the Peter Pan ward is a plaque that reads: "Dedicated to the never-fading memory of one who loved children—Sir James Barrie."

### Outbound Flier Bestows Automobile on Stranger

ATLANTA, Ga.—M/Sgt. John H. Cameron was given an automobile by a stranger.

One Air Force sergeant on the flight line at Dobbins field yelled to another, "Hey, Sarge!"

Sgt. Cameron walked over to the man.

"You're gonna think I'm crazy, but see that car over there? It's yours. I've got a plane to catch and I won't be back for awhile."

With that the stranger handed Sergeant Cameron the keys and title papers, boarded a plane and flew off into the wild blue yonder.

The amazed sergeant checked the registration papers on the 1947 model automobile and the plane's passenger list, and found the donor was Sgt. Antonio C. Germano, bound for overseas.

Sergeant Cameron said he was going to keep the car. And then? "I'm going to give it to the last GI I see before pulling out."

### Churchill Paintings Appear On Christmas Greeting Cards

NEW YORK—Winston Churchill's paintings will appear on Christmas greeting cards this year.

Twenty paintings by Mr. Churchill for reproduction on cards have been selected by a greeting card company. Another group, including two holy land scenes, a sunset over Jerusalem, and a village landscape, have been selected for next year.

Joyce C. Hall, who selected the paintings, said: "Mr. Churchill is a very vigorous painter. His work is surprisingly professional, and he has done a lot of painting. There are several hundred which he did while he was in his country home and at his London house. And there is a stack of others that he doesn't rate highly."

## Santa Claus A B C's Taught in New York

Albion, New York—Charles W. Howard right, standing, Dean of America's Santa Clauses, and founder of the only school for Santa Clauses in the world, believes that United States Savings Bonds are the ideal Christmas gift. That is why he has inaugurated a course at his school here which teaches twenty-five subjects to department store Santas from all over the country. Howard said "every Santa should help the government sell Savings Bonds as Christmas gifts because Savings Bonds benefit everyone."

# Want a ride that's "out of this world"?

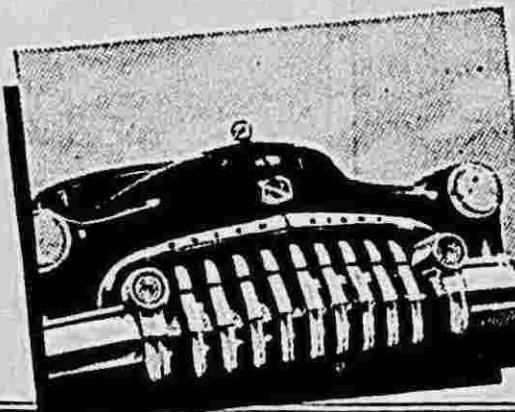

# Better Buy Buick!

WANT to be free from that nervous tensing up for a jolt every time a rough spot looms in the road ahead?

Want to enjoy the relaxing feel of a sure-footed car beneath you, that stays level even when the road doesn't?

Well, sir, ease into a Buick and see how such matters are cared for.

Phone Your Buick Dealer for a demonstration Right Now!

See what a wonderful difference in level buoyancy coil springs can make when you have them on all four wheels, not just the front ones.

Note what firm and solid steadiness is yours when a full-length torque-tube drive is your keel—how smoothly you stay on course when the rear wheels can't help but run true.

See what big, low-pressure tires and Buick's wide rims can do to pillow your course without jounce or sway.

In other words, sample this two-

ton beauty for over-all stance and balance—and the cradling comfort of its roomy interiors.

And while you're at it, get the very special thrill of its mighty Fireball power plant, plus the free-as-a-bird-in-flight bliss of its Dynaflo Drive.\*

It's an experience that you owe yourself—and it's yours for the asking. The thing to do is get in touch with your Buick dealer—and discover the ride that only Buick owners know.

\*Standard on ROADMASTER, optional at extra cost on SUPER and SPECIAL models.

FOUR-WAY FOREFRONT—This rugged front end (1) sets the style note, (2) saves on repair costs—vertical bars are individually replaceable, (3) avoids "locking horns," (4) makes parking and garaging easier.

Tune in HENRY J. TAYLOR, ABC Network, every Monday evening.

YOUR KEY TO GREATER VALUE

WHEN BETTER AUTOMOBILES ARE BUILT BUICK WILL BUILD THEM

**California Vineyards**

California vineyards and the wine industry have come a long way in the last 180 years—expanding from a few vine cuttings at the Mission, San Diego, until today, vineyards spread over some 557,000 acres, or more than a third of the state's vast fruit and nut acreage. Altogether, California is reported to have better than 233,000,000 grape vines from which are produced wines that are comparable to the finest European brands.

**Apple Tree**

The shade of the old apple tree should be cool, for the tree is supplied by four gallons of water an hour. An apple tree will draw that much water from the ground, making a total of 96 gallons a day. This is the amount it needs in order to replace the water constantly evaporating from its leaves and cooling the surrounding air.

**Statue of Moses**

The horns that Michelangelo carved on his statue of Moses in St. Peter's Church, Rome, were the result of a Bible scholar's mistake. The Bible says that rays shone from the head of Moses when he came down from Mount Sinai, and early scholars translated the Hebrew word for "rays" as "horns."

**Australian River Control**

Australia's big Darling river control project will conserve water to make an arid, Texas-size area bloom in the continent's southeast.

**Loss of Voice**

Complete loss of voice often occurs when people want to escape a problem they do not wish to face. The affliction, hysterical in origin, occurs mostly in women, and the voice can be soon restored by proper psychological treatment.

**The '51 FORD steps ahead**

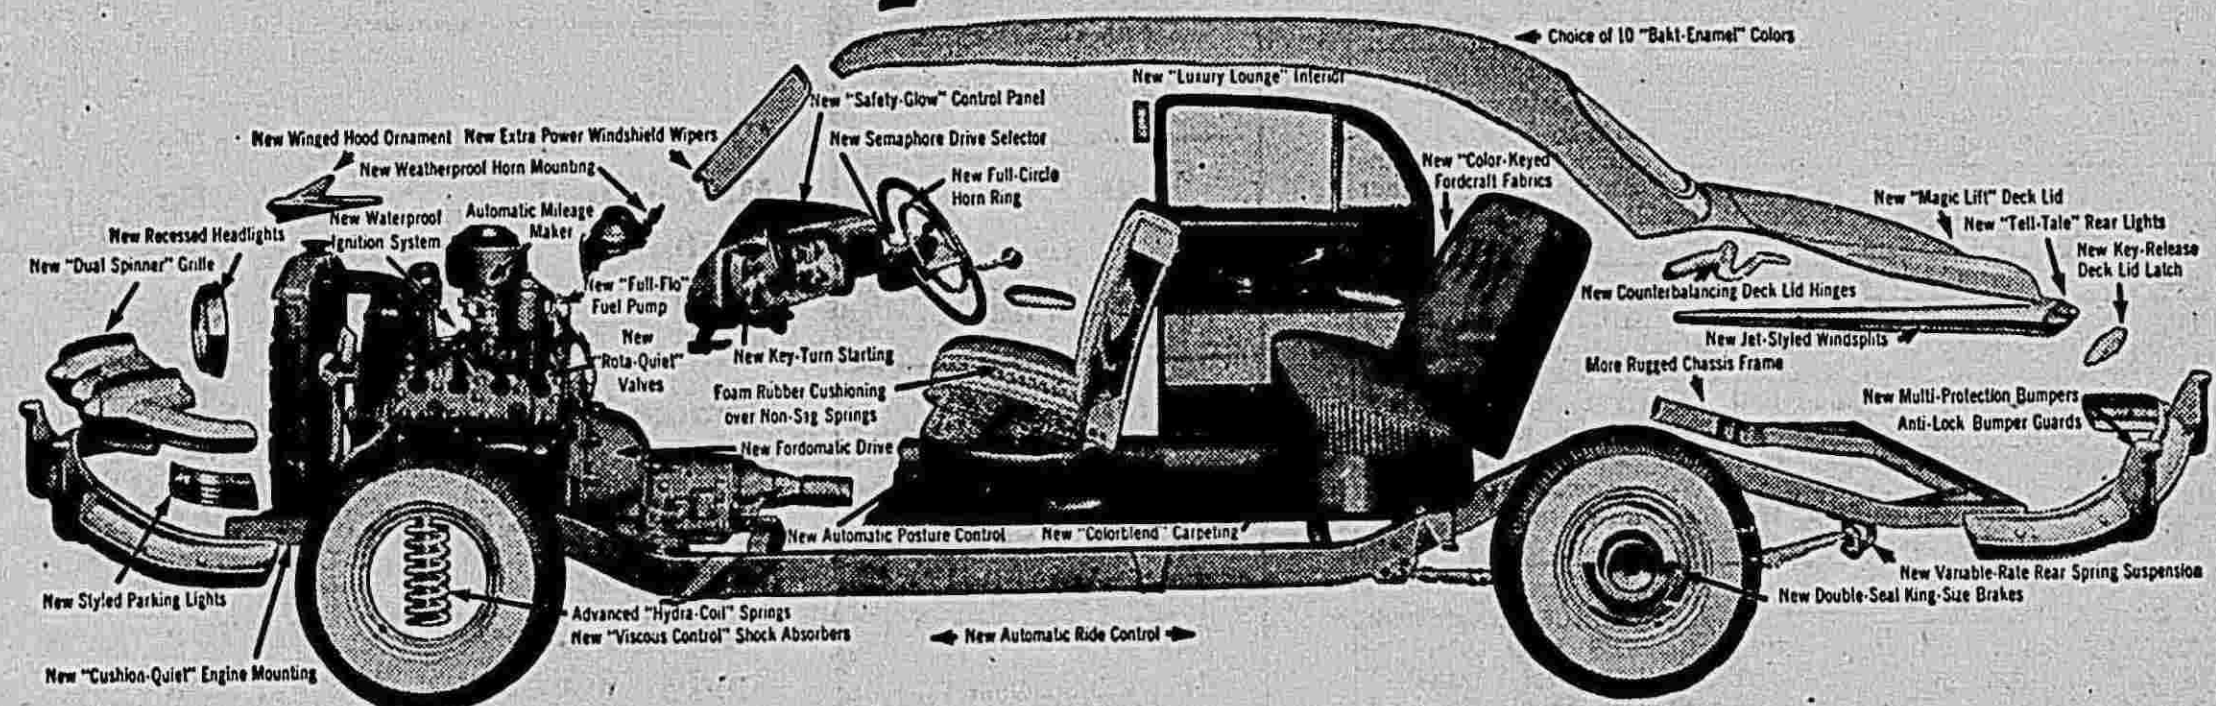

*We can drive it  
for years*

*And it will  
always be  
good looking*

*You'll always be glad  
you bought a  
'51 FORD*

**for the years ahead...**

**with 43 new "look ahead" features!**

Look Ahead... at your Ford Dealer's  
today! Look at the '51 Ford!

Here's the car designed and built not just for  
this year and next, but for the years to  
come. To stay in style, to stay young in  
performance, to stay thrifty!

It's the '51 Ford with 43 new "Look  
Ahead" features—some illustrated above  
—every one planned and engineered for  
the years ahead.

You'll find such advances as the new Auto-  
matic Ride Control that makes even rough  
roads easy on you—easy on the car itself!

This unique new springing system auto-  
matically adjusts spring reaction to road  
conditions. Automatic Ride Control includes  
Advanced "Hydra-Coil" Front Springs and  
new Variable-Rate Rear Spring Suspension.  
Both team with new "Viscous Control" Shock  
Absorbers to give you a relaxing ride, a  
level ride—no bounce, no pitch, no roll!

Yes, you'll ride in comfort in the new '51  
Ford... and you'll ride in style, too! Inside  
and out, you'll find beauty in every detail  
of styling, coachwork and finish of this fine  
new Ford. And it is beauty that lasts  
because the quality is there!

You can have your choice of two great  
Ford economy engines: the world-famous,  
100-h.p. V-8 or its companion in quality and  
quiet, the 95-h.p. Six. Both of these engines  
offer the Automatic Mileage Maker that  
matches timing to fuel charges so that every  
drop of gasoline is used—none wasted.

And in the new '51 Ford you are offered a  
choice of three advanced transmissions—  
the Conventional Drive, the Overdrive,  
and Fordomatic Drive,\* the newest and  
finest of all automatic transmissions. Visit  
your Ford Dealer today to see and "Test  
Drive" this finest Ford ever built!

\*Optional at extra cost

**Come in and "Test Drive" it Today**

**You can pay more but you can't buy better**

Tele. Antioch 74. (18fn)

## Club Bulletin Gives Pointers on Latest Automobile Etiquette

Today, drivers have enough trouble keeping their eyes on the road without worrying about the comforts of the woman who is sitting alongside, according to a bulletin issued by the Chicago Motor Club.

Such courtesies as opening doors, lighting cigarettes and picking gloves and packages off the car floor are no longer considered good automobile manners.

The bulletin cites the practice of holding doors open for women as an example. It points out that when a motorist assists someone in or out of his car, it is often necessary for him to step into a traffic lane. This creates a traffic hazard.

Women can help curb the accident rate by tuning radios, opening windows, turning on heaters and performing other courtesies that distract drivers. The gentler sex are disappearing but so are motorists who feel that the "good ole days" is who have failed to adopt a modern attitude towards driving.

## State Flower

Both Arkansas and Michigan claim the apple blossom as their official state flower.

## Dairymen Seek Higher Milk Price from U. S. — Dept. of Agriculture

The Pure Milk association's request for increased premiums for all farmers delivering milk to Chicago and suburban marketing areas will be heard by the United States Department of Agriculture at the Sherman hotel, Chicago, Monday, Dec. 4.

The PMA officials will submit testimony and evidence on its request for a consolidation of federal orders 41 and 69, and for increase in premiums over manufacturing prices for various months, an association spokesman said.

The association's request for an increase in income for dairy farmers is based on increased costs, shortage of milk this fall, and a need for higher milk prices especially in fall months to enable farmers to divert production from spring to fall.

The association represents 15,292 dairy farmers in 63 counties of Illinois, Wisconsin, Indiana and Michigan, Lake county included.

Walter (Lottie) Kraft returned home from the Lake County General hospital Monday.

## Bud Sheehan Injured

Charles (Bud) Sheehan, youngest son of the late Mr. and Mrs. Dan Sheehan, and a brother of Mrs. Fred Stahmer of Antioch, suffered a serious injury to one eye Saturday. He was loading a Coca Cola truck in Chicago when a bottle exploded the glass penetrating his eye. He was taken to St. Luke's hospital where it is said that he may lose the sight of the eye.

## Return Delayed by Snow

Miss Dorothy Edwards, teacher at Channel Lake school, returned this week after spending Thanksgiving in Waynesburg, Ky., as the guest of Mr. and Mrs. Hugo Schnitzler and son, Charles. She went by Eastern Air Lines, but still was detained three days because of heavy snow.

## LEGAL

## Adjudication and Claim Day Notice

**NOTICE IS HEREBY GIVEN** to all persons that the first Monday of January, 1951, is the claim date in the estate of Herman J. Cubbon, Decedent pending in the Probate Court of Lake County, Illinois, and that claims may be filed against the said estate on or before said date without issuance of summons. All claims filed against said estate on or before said date and not contested, will be adjudicated on the first Tuesday after the first Monday of the next succeeding month at 10 A. M.

## Customers' Corner

Are there any employees in your A&P that you have found particularly efficient or courteous?

If so, we wish you'd let us know.

We want to hear about the employees who do the best job, so we can keep them in mind for better jobs.

If there's somebody in your A&P that you consider an outstanding performer, you will be doing him and us a favor if you write to:

**CUSTOMER RELATIONS DEPARTMENT**  
A&P Food Stores  
420 Lexington Avenue  
New York 17, N. Y.

## Question: (Most Women Are Asking These Days)

How Can I Lower

The Family Food Bill?

## Answer:

(More Than 5,000,000 Families Have Found Out)

Shop at A&P Where You Get Storewide Low Prices On Hundreds of Items Every Day... Instead of Just a Few One-Day or Week-End "Specials"!

What's more — A&P guarantees all advertised prices for a full week, even though market prices go up. So buy a week's supply of food and household needs at A&P. (It makes no difference what day or days you do so.) At the end of the week, compare your total food bill with what you might have spent elsewhere. We think you'll agree that you can save more... more easily... by doing all your marketing at A&P. (Prices shown here guaranteed Thursday, Nov. 30 through Wednesday, Dec. 6)

## A&amp;P's PRICE POLICY

• Storewide low prices on hundreds of items every day... instead of just a few "one-day" or "week-end specials."

• Advertised prices are guaranteed for one week, even though market prices go up. We believe this policy helps our customers save more money.

• With the correct price marked on every item, plus an itemized cash register slip... you know what you save at A&P.
